YES WE ARE STILL HERE...

...Thanks entirely to the Bank bailout. And no, we're not lending any of it either, so you may as well crawl back under that Interstate overpass. Yes, we all know that times are hard and, even though we are infamous here for overstating the obvious, we're going to resist the urge to indulge in that here. We're just happy to wake up every morning and that's as personal as we're going to get.

Our text here will focus on North American sires standing the 2009 breeding season for \$10,000 or less. As you all know, stallion farms are doing all they can to make their assets attractive, so it would seem that a wise person would wait until the mare foals before signing a contract. Thoroughbreds are worth 50% of what they were twelve months ago, and twelve months from now, will be worth 50% even less still. Such are the risks when dealing in a high stakes commodity when nobody, and we mean *nobody*, has any liquidity.

It's much too early to give up on ACTION THIS DAY, although this market probably will. They never looked like being early but they are still most attractive. ALPHABET SOUP is not commercial, but he's a very, very solid racehorse sire. APTITUDE runs hot and

cold, much like his close relation Slew O' Gold, but when they are good, they can be *real* good.

BELLAMY ROAD might actually have been that good and the family only gets better as you delve further back. BELONG TO ME is phenomenal value here, by any standard. BENCHMARK is just that for a son of Alydar. His barn-mate, BERTRANDO has set the California bar high from the get-go. BIRDSTONE got off to a most useful start and bears watching. Little BLACK MAMBO could do in Florida what his very close relation, Lemon Drop Kid, has done in Kentucky. BROTHER DEREK is poised to take advantage of the can't miss Airdrie magic.

We might have expected more from CANADIAN FRONTIER, but we're prepared to keep riding him. CASTLEDALE was versatile and quick at the mile. Any stallion who can get a horse as good as Tiznow is worth using and CEE'S TIZZY is still plugging away in California. CHAPEL ROYAL set a record for first-crop winners, with little class thus far. Still, we're sorry he's left Kentucky so soon.

COLONY LIGHT has been on this list every year since we started it and there's no racetrack reason to ever

...Continued on page 2

remove him. CONGAREE has been a huge surprise, nay shock. Arazi was one of the biggest busts in History and there's no family here to speak of. Still, he has the Jim Bolger trained and unspeakably named Maoineach among other more than useful sorts. No, you can't sell one, but CRYPTOCLEARANCE can get a two-turn American dirt horse, sometimes quite a good one.

The largely forgotten DAYJUR is one of the best broodmare sires out there and we were pleasantly surprised to see his yearlings averaged over \$15,000 last year. DEVIL HIS DUE is another American racehorse sire. DOMESTIC DISPUTE could well have his best in front of him. D'WILDCAT was tremendously fast and that's what he gets.

EUROSILVER has been well-marketed and has been very well received in the sales ring so far. Great ROI. EVEN THE SCORE is yet another young son of Unbridled's Song who's off to a good start. He has the most beautiful shoulder. FLASHY BULL was very good around two turns from two through four. FLATTER has Mike From Queens making noise in New York; he is tremendous value.

GIACOMO only won the Kentucky Derby. Whoever is responsible for letting GILDED TIME out of Kentucky should be shot; *This is it* for Teddy people! HARLINGTON is by sire-of-sires Unbridled from the immortal Serena's Song, which is reason enough to use him. HIGH COTTON had a high cruising speed. HOLY BULL has turned into the most solid outcross stallion out there. HONOUR AND GLORY gets runners, but they're hard to sell. HOOK AND LADDER got Big Truck on the Derby trail last year which leads us to believe that there's more on the wagon. Take a look at HORSE CHESTNUT's 2008 yearling average. Claiborne have cornered the market on stallions with the first name "Horse" with the addition of HORSE GREELEY.

JOHAR has started slow, but he certainly got the right sort of mares and could come around. It could be said that JUMP START has been in and out, but we would think he's mostly been in. If he can get a horse as good as The Pamplemousse, KAFWAIN has to be tremendous value. Send us a MEMO any time. MILITARY is the first superior Polytrack sire. NOBIZ LIKE SHOBIZ was a real racehorse and he has Swoon's Tune 5x4. You're banking on the first Kentucky crop for NORTHERN AFLEET.

OFFLEE WILD sold better than we would have expected. OUT OF PLACE can get a two turn racehorse with some class. All we are saying is give PEACE RULES a chance. POMEROY won the "Sire's Race", the King's Bishop and we'd think he's a much better bet to make it than his paternal half-brother Big Brown. Having just celebrated Gentile *Mardis Gras*, we still celebrate PURIM. PUT IT BACK belongs in Kentucky; If anything, he's better than his own sire who is, as we've already mentioned, very good.

Take a long look at who he was running against and you'll make a request for QUEST. Any horse who can get runners like Midnight Lute, Pussycat Doll and Wonder Lady Anne is a real sire and REAL QUIET is a Real Sire. REPENT had a great first crop. SAARLAND has yet to get off the mark, but they never figured to be early. SCRIMSHAW is very well sculpted and is from a top family, but he wants to get going.

We'd travel for SIGHTSEEING. SLEW CITY SLEW is still going strong. STEPHEN GOT EVEN wants Revenge on the Derby trail. SHOWING UP was unbeaten heading into Barbaro's Derby. Of course, he's by STRATEGIC MISSION. SURVIVALIST is by Danzig from a sister to Seeking The Gold. SWAIN hasn't really been given much of a chance, but we think he's made the most of what he's been given.

TEUFLESBURG danced every dance which is pretty remarkable for a \$9,000 yearling. YONAGUSKA has contributed a very solid record.

Greetings from sireaverages.com,

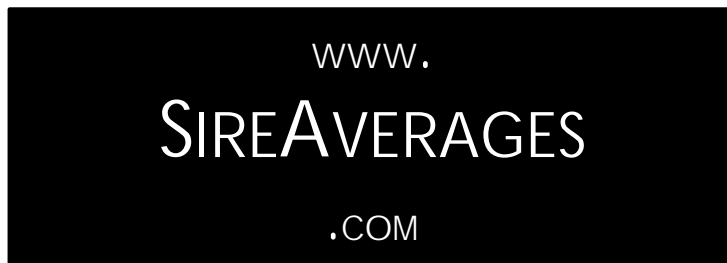

I wanted to take a moment to explain the new "My Account Page" after you have logged in at sireaverages.com. The page that appears is a relatively new page and contains some very important account information. Located in the gray box at the top of the page is detailed information regarding when your account with sireaverages.com is set to expire. Located to the right of the grey box is the "My Account" section of the page. Within "My Account" is the Account Information page. In the Account Information page members may update their usernames and passwords as well as set up an automated billing function. This function automatically bills your credit card so you never have to worry about disrupted service. While we continue to send some paper invoices we highly recommend the automated billing function as a fail proof remedy to service interruptions.

Take a few minutes, if necessary, to familiarize yourself with the "My Account Page" and its functionality. This will make it easier for you to enjoy uninterrupted service, which could occur at a critical time.

Thank you,

Will Rouse
Director of Marketing/Sales
